

"MINCEUR 2011" PRODUCTS

ACQUIFORM

Application	Content	Results
Daily on the areas requiring treatment (ideally before a Jouvence Bath).	5 active ingredients: cajeput, lemon, eucalyptus, lavender and laminar algae, plus a moisturising complex.	Detoxifies and improves blood circulation, leaving the skin smooth and hydrated.

JOUVENCE BATH

Application	Content	Results
3 to 4 capfuls in a bath at 37°C (98.6°F) for 10 minutes. Apply AcquiForm cream on the body before having a bath.	Contains lemon terpenes at 8% concentration.	Facilitates circulation and intercellular exchanges: the Jouvence Bath oil helps combat cellulite.

CONCENTRATE Slimmer - Figure - Firmness

Application	Content	Results
All over the body, morning and evening, against problems associated with cellulite, thickening of the thunder thighs, tired legs, etc...	A special synergetic blend of essential oils, mineral salts and a moisturizing complex.	An immediate sensation of freshness and lightness accompanied by a general toning and firming of the tissues, leaving the skin smooth and hydrated.
